CASHMERE AND SILK

Cashmere hair and the finest silk fibres are blended into a durable insulation layer. This layer also provides a supportive feel.

HAND TUFTED WITH WOOL TUFTS

This traditional skill ensures all loose fillings are secured to provide the perfect finish to your mattress.

TURNABLE

Both sides can be used prolonging the life of the product. Turnover and rotate your mattress once a week for the first 3 months and then once a month thereafter.

HAND-NESTED AND HAND-CENTRE-TIED

Individual springs sewn in calico fabric pockets are hand-nested in a honeycomb pattern and tied with linen cord. This construction eliminates movement transfer for a more peaceful sleep.

HYP0-ALLERGENIC LAYER

A layer of hypo-allergenic fibre is used underneath the mattress fabric cover. This layer is sterilised and dust free, therefore, ideal for allergy sufferers.

COTTON LAYER

Exceptionally breathable and highly absorbent, cotton is excellent at controlling body temperature through its superior moisture wicking properties.

HAND TEASED HORSE HAIR

Horse hair is the longest natural fibre, twisted to provide extra resilience and bounce. Horse hair is the perfect natural spring partner for our sumptuous beds.

4 ROWS OF HAND SIDE STITCHING

Skilled craftsmen use upholstery needles to hand stitch the mattress borders to provide better support and extending the sleeping area to the edge of the mattress.
